LECTURE ON STARTUP ACTIVATIES
31st May, 2018
Time : 2:00 PM to 4:00 PM

ABOUT THE TEQIP-III

Technical Education Quality Improvement Program (TEQIP) was envisaged as a long-term Program of about 10-12 year's duration to be implemented in 2-3 phases for transformation of the Technical Education System with the World Bank assistance. TEQIP-III is fully integrated with the Twelfth Five-year Plan objectives for Technical Education as a key component for improving the quality of Engineering Education in existing institutions with a special consideration for Low Income States and Special Category States and support to strengthen few affiliated technical universities to improve their policy, academic and management practices. The third phase of the project, TEQIP-III is a four-year Central Sector Scheme (CSS) of MHRD, Govt. of India, started in the year 2017 and will be ended in 2021.

ABOUT THE STARTUP

Startups are the lifeblood of our economy and innovation across the globe. They create jobs, new products, dreams, and disruption. They are led by entrepreneurs who work hard to bring their ideas to life. Often overshadowed by failure, they persist and can change the world. We feel that entrepreneurs are heroes that need to be celebrated, and more importantly, supported by a community of fellow founders. It would be great if the process were easy, but it's not. We'd like to help change that. In this guide we will take a shot at compressing the startup learning curve with market tested lessons both old and new.

REGISTRATION

Participants have to fill the form by 31st, May, 2018 available in given link: https://goo.gl/forms/YD1hY3pmKjxUJDNA3
