ABOUT NSS

The National Service Scheme (NSS) is a youth development program launched by the Government of India with the objective of shaping the personality of students through active participation in community service. It provides an opportunity for young individuals to engage in various social, environmental, and developmental activities, thereby creating a strong sense of social responsibility and commitment towards the nation. NSS operates on the guiding principle of “Not Me, But You”, emphasizing selfless service and the welfare of society.

- **Aim of NSS**

The primary aim of NSS is to develop the personality and character of students through voluntary community service, encouraging them to become responsible citizens who contribute positively to society and nation-building

- **Objectives of NSS**

1. To understand the community in which they work
2. To identify the needs and problems of the community and actively participate in solving them
3. To develop a sense of social and civic responsibility
4. To apply their knowledge and skills in practical solutions for community development
5. To develop leadership qualities and democratic attitudes
6. To enhance the capacity for teamwork, cooperation, and group living
7. To promote national integration and unity
8. To build a spirit of selfless service and dedication towards society

- **Symbol of NSS**

1. The NSS symbol is based on the Konark Sun Temple wheel, which represents:
2. The cycle of creation, preservation, and release
3. Movement and progress in life
4. Social change through youth participation

- **Importance of NSS**

NSS plays a vital role in connecting students with society. It helps in building responsible citizens who are aware of social issues and are ready to contribute towards the development of the nation.

ABOUT NSS CSVTU

ABOUT NSS CSVTU

The National Service Scheme (NSS) under Chhattisgarh Swami Vivekanand Technical University, Bhilai plays an important role in connecting technical education with social responsibility. CSVTU was established by the Chhattisgarh State Government under Act No. 25 of 2004, with the aim of ensuring systematic, efficient and quality technical education in the state.

NSS is a Central Sector Scheme of the Government of India, Ministry of Youth Affairs & Sports, created to provide students with practical experience in community service. It gives students of schools, technical institutions, colleges and universities an opportunity to participate in government-led social service activities.

Under CSVTU, NSS helps students develop discipline, leadership, teamwork, social awareness and a sense of responsibility toward society. The university's mission also emphasizes education, research and service in a way that is sensitive to local, national and global aspirations, which aligns strongly with the objectives of NSS.

The main purpose of NSS CSVTU is to encourage students to understand the community, identify social problems, participate in problem-solving, develop civic responsibility, gain leadership qualities and promote national integration and social harmony.

Through NSS units of affiliated colleges, CSVTU students actively participate in activities such as cleanliness drives, plantation programs, blood donation camps, voter awareness campaigns, health awareness programs, village surveys, road safety awareness, yoga sessions, special camps, and national-level youth programs. These activities help students move beyond classroom learning and contribute directly to the welfare of society.

Overall, NSS CSVTU serves as a platform for technical students to become responsible citizens. It develops the spirit of "Not Me But You" and inspires youth to use their knowledge, skills and energy for community development, nation-building and social transformation.
